

1. Included with your Solio!

USB Port Replicator tip (powers iPhone and iPod)

One of our most popular accessories! Power up your iPod by plugging into our new USB Adapter. Use the iPod-PC cable that came with your iPod and plug it right into our USB Adapter. Plug into Solio and you're powering up with free juice from the sun - turning sun rays into sound waves! Use the same method to power up your 20Gb Sony Walkman. The USB Adapter is also compatible with a wide range of other USB compatible devices such as USB lights, audio players, digital cameras etc.

2. Included with your Solio!
